

Carnival Proves a Magnificent Success---The Greatest Funfest Ever Promoted in Coleman

Coleman Youngsters Assured of Swimming Pool—Receipts Reach Splendid Total of \$6,250.00—J. Samoff Wins Car; Russell Vincent Secures Washing Machine—Thousands Enjoyed Two Nights of Unadulterated Joy.

Even Pluvius descending Friday and Saturday of last week failed miserably in his attempt to dampen the ardor of thousands of Coleman citizens and hundreds from outside points, who had made up their minds to attend the Carnival in the big Arena. Had pitchforks been coming down instead of rain drops we doubt very much if even this could have prevented the carnival-hungry throng from accomplishing their sole desire of attending the Coleman Carnival.

Undoubtedly it proved to be the finest event ever staged in the Crow's Nest Pass. For real honest-to-goodness fun, frolic and festivity, it will go down in Pass annals as the daddy of them all. Financially it measured up and beyond even the most sanguine expectations of its most enthusiastic supporters by at least one thousand dollars. The credit for this unparalleled showing may rightfully be spread over the entire town, and beyond to our many friends in Blairmore, Frank, Bellevue, Hillcrest on the east, and also to those patrons in our neighboring province of B.C.; who so generously supported the event.

Ticket sales on car amounted to \$1983.50, washing machine tickets totalled \$304.50; booth sales \$3,962. At this writing it is not known definitely just what the net balance will be, but it possibly will reach a grand total of around three thousand dollars.

The Arena in which the Carnival took place, had been magically transformed from a somewhat bare and cold structure into a veritable palace. Evergreens, bunting and flags were used and produced a very attractive effect. Seven large decorative trees ranged around the sides, while at the front and a large refreshment booth occupied a commanding position. At the other end of the building the prize car touring and Ford sedan reposed in all their grandeur. In the centre was the large dancing platform, tastefully decorated. The entrance at the front had also received its share of adornment. Over the doorway a large canvas portrayed a Miss executing the 'swan dive' into a swimming pool. A second sign, immediately underneath, bore the wording, "Coleman Carnival, 1925." Evergreens and colored lights were used on both sides of the main entrance, making a very pleasing impression.

Friday evening, the opening night, drew a good attendance despite inclement weather. Sharp at 7 o'clock the Coleman Silver band commenced the hall rolling with one of their popular and rousing ditties, "The Gang's All Here, Willie!" From then on until midnight the various booths, with their array of attendants, were kept busy repelling attack after attack by the hilarious crowds bent upon taking away blankets, dolls, roasting pans, trays, clocks, boxes of chocolates and cigarettes, etc., etc.

As a means of resting up, after several of these spearhead drives failed to empty the booths of their cherished possessions, numbers betook themselves to the tiers of seats ranging on the sides and evolved new methods of attack, while the less serious minded availed themselves of the opportunity to forget their ill-luck in fox-trotting or a dreamy waltz played by the Night Hawk orchestra.

The midnight hour came all too soon for the large majority of these pleasure-seekers, and it is doubtful if many could have been persuaded to leave had they not known there was more on the morrow. The booth turned over at 11:45 to the treasurer on the night's business.

What Others Say About The Carnival

The Journal requested a few local people, in different walks of life, to give us in condensed form something on the Carnival. They very kindly did so, and this is what they say:

Coleman's swimming pool carnival was one of the most successful events ever put on by the people of Coleman. As well as being a financial success, a social community spirit, that is necessary to make such events go smoothly, prevailed on all occasions. We, the members of the Carnival Committee, heartily thank the people of Coleman and other towns of The Pass for the support that they so generously gave to our carnival and to the worthy cause it was put on to aid.

W. J. BURNS, Mayor.
Chairman Carnival Committee.

As a citizen of Coleman, and one who is very much interested and would like to be helpful particularly to the rising generation, I wish to express my appreciation of the efforts of the townspeople and those from outside points, who so generously supported the carnival held to raise funds for a swimming pool.

MRS. A. H. W. McLEOD.

A splendid success in every way! Producing fun, frolic and finances. It also produced a willing band of workers for a real community enterprise, showing that for a worthy cause the people of Coleman and district will give until it hurts. Many useful and beautiful presents were won at the different booths, and naturally the winners were pleased, but those who were less fortunate always had the satisfaction of knowing they were supporting a laudable object. The various committees in charge, are to be congratulated as being worthy of the best thanks a grateful community can bestow.

Wm HAYSON.

A little bit of Monte Carlo. It was awful, yet everybody was doing it. Seemed like a kind of mania for the cause, or the element of chance; or both. Well, I suppose we are all taking chances every day, and get away with it; so long as we keep the 'stakes' within our limits. Food and clothing seem yet to have a strong appeal for the inner and outer man, judging from the numbers who carried off the bacon and the blankets.

N. McORMICK.

The Carnival is over and the citizens of Coleman have every reason to be proud of the result. Its success exceeded expectations and clearly shows the people want a swimming pool. It also shows that any popular scheme for the public welfare can command the support of our citizens.

A. M. MORRISON

Coleman Wins Prov. Quotting Championship

The Coleman quotting team consisting of Messrs. Rankin, Penman, J. and W. Bell, brought another provincial championship to Coleman when they won the quotting championship in Calgary on Monday of this week. Owing to lack of space in this issue, The Journal is forced to hold over until next week a full report of the games played.

Notes on The Carnival By "HOKUM"

Even the politicians found the Carnival attractive. Friday night T. C. Milne, of Clareholm, prospective Liberal member for the federal constituency of Macleod, heartily enjoyed himself in attempting to solve the mysteries at the different booths. Saturday evening P. M. Christophers, of Blairmore, Labor member for Rocky Mountain riding of the legislative assembly, appeared to be having a very enjoyable time. Premier MacKenzie King and Hon. Arthur Meighen would no doubt have been delighted to attend, but both these gentlemen were otherwise busily engaged in preparing for the strenuous federal contest shortly to be held.

The largest dancing floor in Canada was well patronized, and everything from the latest jazz steps to many of the old time dances was indulged in and greatly enjoyed by a host of dancers. Messrs. H. Boulton and J. F. Lote capably handled this part of the merry-making.

The officials of the local Mine Workers of Canada did their "bit" in helping on the good work, as did practically every businessman, lodge, and mine official. That's the spirit that spells success!

Coleman, the largest mining centre in the Crow's Nest Pass, has all the necessary material here to tackle any community project and put it over, if all pull together in a Carnival-like spirit.

That never tiring valiant band of community workers, the Women's Institute, were right up in the van. Their estimable President, Mrs. A. H. W. McLeod, was a co-promoter with Mayor Burns of the Carnival idea, and the Institute as a body worked nobly to make it a success.

"Doctor" Rippon was kept on the jump making frequent calls at the booths both evenings. The size of his fee at each stopping place added welcome weight to his matchless.

Publicity Director "Bob" Barne certainly takes the biscuit as a high-class promotion fender. He surely wields an alluring everharp, or possibly his brainstroms are the result of much cogitating with an Oliver or Remington. The method of his madness does not really matter, money talks, and Bob's publicists genius helped materially in getting swimming pool funds.

It was a grand climax to the efforts of a united community!

(Continued on page 4)

School Fair Noted For High Quality of Exhibits, Less Entries in Some Classes.

**Floral and Vegetable Display of a High Order—Lack of Interest Effects Showing in Other Classes—
Complete List of Prize Winners.**

The second annual School Fair took place last Thursday in the Arena, and although there was not the same interest taken by the children as a whole as was the case last year, those who did exhibit, entered articles of high quality. This was especially noticeable in the floral and vegetable displays. Asters, poppies and sweetpeas made a truly wonderful showing, as did garden peas, carrots, beets, cabbages, etc. in the vegetable class. The quality of entries in both these classes drew high commendation from the judges.

The decline in competition in the various classes of school work is undoubtedly the result of the lack of harmony amongst last year's school staff. However, thanks to the good work and enthusiasm of Miss Yuill, the Secretary, a very fair showing was made in these classes. With the active co-operation of the new principal and other teachers, these departments of next year's fair will undoubtedly show a marked improvement.

The local branch of the Women's Institute are deserving of much praise for their support in raising funds in helping pay the prize and other expenses in connection with this affair.

During the afternoon various sports were run off on the football grounds in charge of Vice-Principal Watts and Miss Robertson. A baseball game between Central and West Coleman schools wound up the athletic events and was won by the Central school team.

Through the courtesy of Miss Yuill The Journal is able to give the following complete list of prize winners at the Fair:—

HOUSEHOLD ECONOMICS (Judge, Miss Reid) 10 Years and Under.

Class 38. Plain Cake. Four entries. First, Belle Godfrey, West Coleman; second, Margaret Robert, Central; third, Penelope McDonald, Central.

Class 39. Graham Muffins. One entry. First, May Roughhead, Central.

Class 40. Maple Cream. Seven entries. First, Maureen Cook, West Coleman; second, Virginia Olson, Central; third, Olive Burns, Central.

Class 42. Doughnuts. Six entries. First, Mildred Riggsbotham, Central; second, Lena Godfrey, West Coleman; third, Marie Olson, Central.

Class 43. Baking Powder Biscuits. Four entries. First, Helen Cornett, Central; second, Gwen Brown, West Coleman; third, Muriel Jackson, Central.

Class 44. Gingerbread. Two entries. First, Helen Cornett, Central; second, Helen Yasek, West Coleman.

Class 45. Drop Cookies. Three entries. First, Lena Godfrey, West Coleman; second, Janet Graham, West Coleman; third, Marie Olson, Central.

Class 47. Plain Cookies. Two entries. First, Elzina Neilson, Central; second, Gladys Higginbotham, Central.

SEWING
(Judge, Miss Reid)
11 Years and Under.

Class 52. Cleaning Mitt. Sixteen entries. First, M. Jackson, Central; second, A. Nicholas, Central; third, M. Robert, Central.

Class 53. Hemmed Towel. One entry. M. Jackson.

Class 54. Hand-Sewn Bag. Eight entries. First, M. Neilson, Central; second, M. Robert, Central; third, P. McDonald, Central.

Class 55. Knitted Doll's Scarf. Three entries. First, Phyllis Darrell, Central; second, M. Roughhead, Central; third, M. Jackson, Central.

Class 56. Knitted Wash Cloth. One entry. M. Jackson, Central.

Class 57. Slip-Over Apron. One entry. M. Bodham, Central.

Class 58. Hemmed Patch. Two entries. First, Cecilia Cell, West Coleman; second, Rose Milo, West Coleman.

Class 60. Buttonholes, etc. Three entries. First, M. Bodham, Central; second, H. Kovach, Central.

Class 62. Knitting. Four entries. First, K. Raymond, West Coleman; second, A. McLeod, West Coleman; third, M. Bodham, Central.

Class 63. Thrift Project. Eight entries. First, M. Roughhead, Central; second, K. Ruskton, West Coleman; third, D. Solstra, Central.

FLOWERS
(Judges, Miss Hall and Miss Reid)

Class 19. Asters. Thirty-five entries. First, M. McLeod, West Coleman; second, J. Ruskton, Central; third, W. Burrows, Central.

Class 11. Sweet Peas. Sixty entries. First, M. McLeod, West Coleman; second, D. McLeod, West Coleman; third, W. Burrows, Central.

Class 12. Poppies. Twenty-nine entries. First, Elzina Neilson, Central; second, V. Olson, Central; third, Annie Lloyd, Central.

LIVE STOCK
(Judges, A. Weston, J. Walker, G. G. Giesenhauer)

Class 32. Best Pen of Chickens, Light Egg Type. Three entries. First, Elizabeth Ruzka, West Coleman; second, Harry Pearson, Central; third, Fraser McLeod, Central.

Class 33. Best Pen of Chickens, Utility Type. Two entries. First, Steve Brna, West Coleman; second, Matthew Smille, Central.

Class 34. Best Cockerell, Egg Type. Three entries. First, Joe Piefort, second, Millie Brna, West Coleman.

Class 35. Best Pullet, Egg Type. Three entries. First, Millie Brna, West Coleman; second, Joe Piefort, Central.

Class 36. Best Cockerell, Utility Type. Three entries. First, Dorothy Rouselle, West Coleman; second, Josie Dandrea, Central; third, Annie Dandrea, Central.

COLEMAN NEEDS 52 CARNIVAL WEEKS

The splendid success of the Carnival held in Coleman last week was due to the whole-hearted support accorded by every resident of the community.

It was the one affair of a public nature staged here in recent years when the knocker was conspicuous by his absence. Let us have a continuance of this splendid all-pulling together spirit in all things that affect our community life.

Boost for Coleman in and out of Carnival season, and the result will be as gratifying as that of last week.

THIS STABLE WORLD

Man is a strong being. There is not so much wrong with him after all. In this strenuous age he can stand many things and come up smiling. He can jump from one thought to another, from passing fancies to solemn realities, from the subjects of China to flappers, flippers to fools, education to crime, bread and butter to taxes and still maintain his nervous system and keep a high degree of sanity. Those who think the world is going to the dogs will have to take into consideration what the modern person must withstand and then give credit for the degree of moral stability that is possessed.

WHAT IS TRUE ADVERTISING?

To the buying public, true advertising is the key of knowledge that unlocks the stores of golden opportunity; to the business man, it is his main connecting link between the goods and service he has to offer and the realization of the

desires and motives that prompted his entrance into an honest business. No true advertising can be more; none should be less.

Prevention of war is based upon the results in getting nations to do away with armaments. In short war can be stopped when competition in armaments is stopped, for no nation can be an aggressor without arms. True, no nation can defend without arms, but aggression necessarily comes before defence.

Wonder if fresh air fiends will still insist upon sleeping with the windows open in passenger airplanes?

When the bootleggers get enough to retire on maybe the U.S.A. can have 100 per cent prohibition.

A good match will burn up a home and a bad match will break one up.

Success is making good things happen.

Notes on The Carnival

(Continued from page 1)

Many thanks is due all those busy people who donated their time on Wednesday afternoon preceding the Carnival in working on booths, dancing platform, decorations, etc. It entailed a lot of hard work, and the result was a credit indeed to those who so generously responded to the call for volunteers sent out by Capt. Frank Graham, Sr.

To the ticket committees headed by H. C. McBurney, M. W. Cooke, and Geo. Pattinson, congratulations are due for the large number of tickets sold.

Every man, woman and child in Coleman, and many from outside points, had a share in contributing to Coleman's first Carnival and all have every reason to feel proud of the splendid result.

Wonder who the culprit was who put the town clock back one hour resulting in many conscientious observers of the Lord's Day still pursuing Lady Luck at 1 a.m. Sunday morning?

The people of Coleman went the Old Romans one better. They can't saw, conquer, and carry away everything in sight, and the beauty of it all is they had no 'hang-over'.

If Conklin & Garrett or any other travelling carnival, want to hire some real good spiliers for their mid-way, they should lose no time in getting in touch with any of the following local gentlemen:—A. E. Knowles, King of the Baby Dolls; Walter Purvis, J. Stokes, The Roasting Pan Wizards; W. N. Donaldson and J. R. Woods, The Only and Original We Blanket The Earth Salesmen; F. and G. Graham, C.S. Quimette, B.I.N.G.O. Community Howlers; J. M. Allan, H. Clark, J. Downie, Emperors of The Pork Ring; Charlie Graham, W. Jenkins, Master Magicians of The Root of All Evil; Mickie Brennan, and Babe Johnston would part a Jew from his last nickel at a Tootsie Woostee game, while 'Gee, Graham and J. MacDonald know the inside and out of how to prevent the cruel, mercenary rings from encircling the poor, defenceless articles of jewelry.

It takes a Carnival to put a capital 'C' in Coleman.

The Journal's "gentle" hint to Blairmore to dig out its "hog-town" title for once, apparently bore abundant fruit as a large delegation attended. We sincerely trust they had a good time and spent a lot of their hard-earned money.

Some Irish was on Friday night spread the report that the reason the Pipe Band failed to turn up was due to the fact that the bandmen being all good Scotchmen they refused to attend because admission was free. Needless to say, this was not the real trouble, as the band was out in full force Saturday night and made a great hit with the large crowd.

Here and There

All tourists' records, motor and train, are being broken at Banff, Alberta, this year. More than 15,000 cars were registered by the first of August with the big rush yet to come. As many as 2,000 were under canvas at one time in the Government auto camp ground.

Maple sugar and maple syrup production in Canada during the season of 1925 amounted to 9,791,259 pounds and 1,672,093 gallons, respectively, with an aggregate value of \$4,525,416. This compares with an output of 9,385,415 pounds of maple sugar and 1,970,896 gallons of maple syrup during 1924. Quebec province accounted for over 90 per cent of the production of maple sugar and over half of the output of maple syrup.

Production of the four basic industries of British Columbia during 1924 aggregated in value \$210,692,795, as compared with \$207,984,041 in the previous year, according to a statement issued by the Provincial Government. The 1924 production was made up as follows, with 1923 comparative figures in brackets: Forest products, \$80,702,000 (\$85,074,406); agriculture, \$60,029,224 (\$59,138,795); mines, \$45,704,504 (\$41,304,320); and fisheries, \$21,254,965 (\$20,795,923).

Canada's ordinary revenue for the four months of the present fiscal year ended July 31 last, shows an increase of \$2,932,163 over the same four-month period last year, according to a statement made by the Department of Finance. Ordinary revenue for the four months of 1925 amounted to \$141,759,416. Ordinary expenditures during the four-month period show a decrease from \$98,545,541 in 1924 to \$95,655,692 this year.

George H. Ham, known throughout Canada as the Grand Old Man of the Canadian Pacific, celebrated his seventy-eighth birthday on Sunday, August 23rd, and was the recipient of a deluge of congratulatory messages from all parts of the country. Col. Ham has been with the Canadian Pacific since 1891 and by his social activities and powers as an orator has made for himself and for the company a veritable army of staunch and faithful friends.

Butter exported from Canada during the twelve months ending June, 1925, amounted to 25,096,120 pounds, valued at \$3,854,794, a decided increase over the figures of the previous year when exports amounted to 18,668,379 pounds, valued at \$3,051,634, according to a report issued by the Federal Department of Agriculture. Shipments were made to the United Kingdom, the United States, South America, South Africa, West Indies, Alaska, China, Japan, Germany, Belgium, Cuba, Holland, New Zealand and many other countries.

Meet in the O.D.F. Hall
1st and 3rd Wednesdays, at 7.30 p. m. Visiting Sisters made Welcome.

Class 96. Agricultural Booklet. Sixteen entries. First, Gladys Higgins, botham, Central; second, Margaret Allen, Central; third, Lempi Apponen, Central.

INDUSTRIAL ART

(Judge, Mr. C. Brenner)

Class 65. Drawing of Fruit or Vegetable. Ten entries. First, Annie Griffiths, Central; second, Annie Raymond, West Coleman; third, Francis DeLeon, Central.

Class 66. Landscape (paper cutting or tearing). Nineteen entries. First, Joanna Flynn, Central; second, Annie Raymond, West Coleman; third, Ida Scarpelli, West Coleman.

Class 68. Flowers or Leaves and Twig. Sixteen entries. First, Fannie Hosuka, Central; second, Norma Plante, Central; third, Lena Janek, Central.

Class 69. Landscape. Twelve entries. First, Mary Ryplem, Central; second, Esther Neilson, Central; third, Annie Thom, Central.

Class 72. Animal or Bird (pencil). Sixteen entries. First, Charlie Kymas, West Coleman; second, Joe Ondrus, West Coleman; third, Geno Celli, West Coleman.

Class 73. Lamp Shade. Twenty-one entries. First, Eliza Cornell, Central; second, Victoria Milo, West Coleman; third, Joe Wavrecan, West Coleman.

Class 74. Still Life Group. Fifty entries. First, Joe Wavrecan, West Coleman; second, Geno Celli, West Coleman; third, Steve Brna, West Coleman.

Class 75. Landscape (in pencil). Twelve entries. First, Margaret Allan, Central; second, Elzora Neilson, Central; third, Lempi Apponen, Central.

Class 76. Wall of a Room. Ten entries. First, Evelyn Scott, Central; second, Joe Kapulka, West Coleman; third, Helen Bukna, West Coleman.

Class 77. Poster Problem. Sixteen entries. First, Helvi Hedberg, Central; second, Margaret Allan, Central; third, Lempi Apponen, Central.

Class 82. (Grades II and III). Thirty-seven entries. First, Antoinetta Macchi, Central; second, Eda Angellina, Central; third, Amy Celli, Central.

Class 83. (Grades IV and V). Sixty entries. First, Helvi Hedberg, Central; second, Lempi Apponen, Central; third, Penelope McDonald, Central.

PENMANSHIP, OPEN

Class 84. Forty-five entries. First, Margaret Allan, Central; second, Gladys Higgins, botham, Central; third, Ellen Gilchrist, Central.

COMPOSITION

Class 85. (Grade II). Picture. Six entries. First, Amy Celli, Central; second, Jessie Gare, Central; third, Agnes Camelo, Central.

Class 87. (Grades V and VI). Composition Note Book. Two entries.

First, Joe Wavrecan, West Coleman; second, Joe Ondrus, West Coleman.

Class 88. (Grades VII and VIII). Note Book. Four entries. First, Margaret Allan, Central; second, Evelyn Scott, Central; third, Helen Bukna, West Coleman.

GEOGRAPHY

Class 98. Map of Alberta. Forty entries. First, Charlie Kanik, West Coleman; second, Steve Brna, West Coleman; third, Joe Panek, West Coleman.

Class 99. (Grade VI). Two Maps. Twenty-five entries. First, Joe Wavrecan, West Coleman; second, Helen Tack, West Coleman; third, Joe Malanchuk, West Coleman.

Class 100. Map of Europe. Sixteen entries. First, Lempi Apponen, Central; second, Evelyn Scott, Central; third, Helvi Hedberg, Central.

CONSOLATION PRIZE

Won by Dorothy Beart.

James Oliver Curwood, the well-known American novelist, who crossed not long ago to Europe on the "Empress of France" and returned a few weeks later to Canada on the "Empress of Scotland," wirelessly the following message from the "Scotland" to the Canadian Pacific headquarters in Montreal: "Can

never fully express my appreciation of the splendid treatment accorded me by Captain Gillies and Captain Griffiths, and the staffs aboard the "Empress of France" and the "Empress of Scotland."

A party of British journalists is now touring Canada at the invitation of President E. W. Beatty, of the Canadian Pacific Railway, for the purpose of gaining first hand knowledge of economic and industrial conditions in this country. They are John A. Buis, Glasgow Herald; C. J. Jory, London Daily Telegraph; F. E. Pearson, London Times; H. Road, South Wales Daily News, Cardiff; Captain E. Altham, London Morning Post; Hugh Martin, London Daily News; R. A. Colwell, Western Morning News, Plymouth; W. A. Renton, Daily Chronicle, London; J. F. Chapter, Westminster Gazette, London; John Sayers, Belfast Telegraph.

That 44 bear now selling in the Province of Ontario had met with approval and was considered quite satisfactory by people of the province was the statement of Premier G. Howard Ferguson prior to his departure recently for England on the Canadian Pacific liner "Empress of Scotland." Mr. Ferguson will endeavor to interest British and foreign capitalists in the industrial development of Ontario province.

Here and There

Since the first of April up to the present time approximately seven million pounds of various fish have been landed at North Sydney, N.S., by local fishermen. The catch made so far this season is far in excess of any previous year's catch in the history of this port.

All tourist and motorist records are being broken at Banff this year. There are three times as many campers as in any other year and 2,400 more bathers than in 1924. The Canadian Pacific hotel here and at Lake Louise reports bookings as being unusually heavy.

More Alberta provincial savings certificates were sold in the first six months of this year than in any full year previously, even including the big record year of 1920. Since the beginning of the current year up to the end of June, the total sales amounted to \$1,461,660. There is now close to \$7,500,000 outstanding in savings certificates.

Radio receiving houses held in Canada at the end of last month numbered 58,065, according to a statement issued by the Federal Government. Ontario leads all provinces with a total of 28,507. Quebec occupied second place with 17,822 houses, followed by Saskatchewan with 4,551; Manitoba, 4,448; British Columbia, 3,292; Alberta, 3,004; Nova Scotia, 1,435; New Brunswick, 735; Prince Edward Island, 87; Yukon, 22; and Northwest Territories, 5.

Pop Up Your Lodge Meetings

100 Humorous STUNTS and Stories for speeches for Lodge, society, parties. Also Book of 100 Live Ideas for the Entertainment Committee. Tested and approved. Endorsed by leading organizations.

The Standard Book Length, pop, 10 cents. The whole copy with the pop-up book. This live stuff will make your meetings so much more interesting. For more pop in your meetings and parties, here something done every minute. A dollar is a small price for something so valuable.

STUNTS and Stories for Speeches. You Don't Pay Unless Planned. Send no money. Pay Postage \$1.00 on arrival of book and five cents for collection charges.

Cut this out and mail with your order to The Illinois State Register, Dept. A. 34, Springfield, Ill. Mention this paper.

The season's new and approved styles in clothing, foot-wear, headwear and apparel of all kinds, in the newest weaves and fabrics, and in the new popular shades, offered through the EATON Catalogue at our most popular standard of prices. This is what the EATON Fall and Winter Catalogue brings to you.

In addition, too, there are the thousands of other things—personal, household and farm needs, that 50 years' experience has enabled us to select to best meet the ever-growing needs of this great West. A copy has probably reached your household—if not, we will promptly send it free on request.

MONTREAL CANADA

WORLD HAPPENINGS
BRIEFLY TOLD

Canadian export trade showed an advance and import trade a reduction during the twelve months ended July.

The first London bus has arrived in Berlin. It is introduced as an experiment and, should it prove satisfactory, 200 of them will be put in operation.

Assurance has been received from the C.N.R. engineers' department at Winnipeg that track laying on the Turfdown southeast branch will commence early in the fall.

When a policeman at Orange, N.J., ordered their fiery cross extinguished, 500 Ku Klux Klansmen continued their agitation ceremonies in total darkness.

San Francisco now boasts of a seven-story building for training firemen. It has a special room where the firemen brave smoke and test out protective devices.

T. W. Young, who has been in the Dominion Government's grain inspection department at Winnipeg for the last 21 years, has been appointed grain inspector at Calgary.

The students at the government colleges at Peking decided to end their strike called in sympathy with the anti-foreign movement. They will return to their studies when the fall term begins.

Three human skeletons, believed to be of the Neolithic age, have been discovered by archaeologists at Dolmen, France. The skeletons are believed to be from six to eight thousand years old.

Fire has destroyed most of the medical department of Kyushu University at Fukuoka, Japan. Among the buildings destroyed was the hospital. The loss is estimated at one million yen.

Norfolk, Neb., has learned that Dr. Richard J. Tanner, a resident for years in the "Diamond Dick" of Wild West fame, one-time associate of Buffalo Bill, "Wild Bill" Hickok and "Pawnee Bill" Major Gordon Lill, noted characters of a past era.

One million dollars annually might be saved by the United States in its bill for printing money if the people would use fewer one dollar bills and more twos. A proponent of the twos is blamed on an advertisement that they are bulky. The bureau of efficiency has issued a statement about it.

Bells Shipped From
London to New York

Nearly Ten Tons

A large cartload of bells was recently shipped from London for Park Avenue Baptist Church, New York, weighing 9 1/2 tons. Such an unusual shipment necessitated special transportation arrangements. Permission had to be obtained from the authorities to convey the biggest bell through the streets, as owing to its size it contravened traffic regulations. The bells were taken from the foundry by lorry to the Thames, where they were transferred to lighters and towed to the ship's side in King George V. dock. There a big floating crane raised the slougidae and the bells hoisted into one of the Albatross's holds, where they were secured on a heavy wooden staging. Scores of bundles of rags were then packed tightly round them. The structural gear for these bells weighs another 10 tons.

No Inspection Plant

Impossible to Operate Grain Inspection Plant at Moose Jaw This Season

Consultations have taken place between the department of trade and commerce and the board of grain commissioners have made it clear that, so far as this year is concerned, a grain inspection system cannot be established at Moose Jaw.

The grain board reports that it is a physical impossibility to give effect to the plan this season. Extra yardage and truckage for the Canadian National would involve an outlay of \$200,000, while the similar outlay of the Canadian Pacific is figured at \$125,000. Then an administration building costing \$50,000 would be necessary.

There is a strong prospect of the Moose Jaw inspection being established by next season, but for the reasons indicated, it is held to be impossible this year.

"May, isn't pay kind to animals?" "Suppose so. Why?" "Cause I heard him tell Jim Hawkins that he'd come over and feed the kity if you'd let him out."

To facilitate the movement of traffic, and as a safety measure, the city of Washington has raised the speed limit for automobiles from 15 to 22 miles an hour.

W. N. U. 1593

Protection of the Investor

Meeting Held in Winnipeg to Discuss Vital Question

Protection of the investor to the highest degree was discussed at an informal conference held in Winnipeg recently.

Hon. R. W. Craig, K.C., attorney-general of Manitoba, who, with Hon. J. A. Cross, K.C., attorney-general of Saskatchewan, has been in endeavoring to influence the Federal Government to refuse to give a charter to a company which has been refused a provincial charter, under the Sales of Shares Act, took advantage of this presence of Thomas Mulvey, under-secretary of state and representatives of the three prairie provinces and British Columbia being in Winnipeg attending the Canadian Bar Association convention, to call the meeting.

A full discussion of the whole question, particularly from the viewpoint of legislation, took place, it is understood, and the different representatives of Saskatchewan, Alberta and British Columbia will convey back to their governments the wishes of the assembly.

In view of the fact that Hon. Mr. Cross and Hon. J. E. Brown, attorney-general of Alberta, were unable to be present, no definite decision was reached but action along these suggested is expected to be taken by the western provinces. Considerable discussion took place in connection with the judgment delivered to the effect that a company conducting business under a Dominion charter was not bound by a provincial law.

Canada's Fine Prospects

Expected That Value of Grain Crops Will Be Considerably Enhanced This Year

In a recent editorial in the Ottawa Journal the value of the increase in this year's Canadian harvest is commented on in part as follows: It is more or less authoritatively estimated that the five principal grain crops will bring this year a fair of nearly \$255,000,000 to the farmers of Canada over last year. That is a very significant and stimulating fact. It is the nature of rural wealth. At all events, it means a substantial addition to the genuine wealth of the country; and its value is enhanced by the further fact that no other form of new wealth is so quickly nor so widely distributed. It is in a short time diffused throughout the whole country.

The gain in value is as between \$615,337,000 last year and \$879,756,362 this year. When all farm crops are brought into the reckoning, it is calculated that the agricultural population will have \$325,000,000 more to spend this year than it had in 1924. Taking all factors into account, the total value of the Canadian crop will be \$1,000,000,000 more than any preceding harvest in the history of the Dominion. Such a gratifying result should not only fill the people with gratitude, but do much to dispel every trace of lurking pessimism. Canada is in a strong position, and should proceed energetically to realize her potentialities.

Just Discovered War Is Over

Deserted From Alpine Chasseurs Has Emerged From Hiding Place

Beating the record of the Thibetian who last year arrived in Paris to "see the war," Jean Thibaud, who deserted from the Alpine Chasseurs in 1915, has emerged from his hiding place in the French Alps and was startled to find the war was over several years ago, and that all deserters had received amnesty months ago.

Since he deserted, ten years ago, Thibaud has lived in the most inaccessible part of the Alps bordering on Italy. He lived by slaying sheep and other animals, earning only a pittance.

Many Scientists in Leningrad

A genius undertaken by the Leningrad Academy of Science shows there are 4,265 acknowledged scientists in Leningrad, while in Moscow there are only 2,740. The majority of the scientists are mathematicians and natural science specialists. Agriculturalists form only four per cent. of the above figures. The percentage of women among the Moscow and Leningrad scientists is 14 per cent. and 22 per cent., respectively.

Mostly Imagination

Manhattan is popularly assumed to be paved with gold where millions of dollars and justle about on every corner. Almost every street is supposed to have its layer of \$20,000-a-year apartments. "Yet among all these 7,000,000 of folks there are only \$4,000 who have incomes of \$10,000 or more, and only 75,000 who have incomes of \$5,000 or more. The average salary is less than \$30 a week.—O. O. McIntyre, New York Writer.

A wealthy Scotsman, 75 years old, is travelling 7,000 miles from Honolulu to Scotland to pick a few sprigs of heather and eat a dish of haggis.

Exclusive Patterns
by Helga Lange

Charming Pantie Dress

Every child needs many frocks, and what mother will not want to make one, or even several, using this charming frock as a model. The design is so simple and the dainty printed and colored fabrics in the shops so fascinating that it is real fun to see what delightful frocks can be evolved with little effort. The front of the printed frock above is cut at the armhole, and the skirt joined to the upper part by several rows of shirring, forming yoke effect. The collar is one piece and fits comfortably to the neck. The sleeves are long and fitted to a narrow band, and adorable little pockets trim the front. The panties are cut in two pieces only, with elastic run through a casing at the top. Sizes 2, 4 and 6 years. Size 4 years requires 2 1/2 yards of 32-inch, or 3 1/2 yards of 36-inch material. Price 20 cents.

Our Fashion Book, illustrating the newest and most practical styles, will be of interest to every home dressmaker. Price of the book is \$1.00. Each copy includes one coupon good for five cents in the purchase of any pattern.

World's Cotton Supply

43 P.C. of Cotton Used in England

A grown within England. English cotton mills at present require 3,000,000 bales of raw cotton every year. Imports of American cotton amount annually to 1,700,000 bales. The remainder comes from India, Egypt, East Africa and Sudan, being altogether 43 per cent. of the total used. It is stated by Lord Derby, chairman of the Cotton Growers' Association, that within 15 months the balance will have been turned over and over 50 per cent. of the total raw material will come from within the empire. By the end of 1926, he added, East Africa and the Sudan will be producing double their present output.

Empire cotton now amounts to 8,000,000 bales, over half the annual American crop, but not all this is up to American quality. Only 1,000,000 bales is up to that standard. The great area of the future will be the Sudan where a great dam, finished last year, 2 miles across, throws back the waters of the Nile for a distance of 50 miles. The area of 100,000 acres now being irrigated behind this dam will eventually produce a million bales a year.

Ancients Practiced Enamelling

Enamelling was practiced by the ancient Egyptians, Chinese, and other nations. It was known in England in the time of the Saxons. At Oxford is an enamelled bowl which belonged to King Alfred, and which, as appears by the inscription, was made by his order in his reign, about the year 887.

Trouble From Sticks

Sticks is less troublesome to radio stations when superpower is used by broadcasting stations, according to reports received by the General Electric Company, following exhaustive tests.

An instrument of five strings which has the combined range of violin and cello has been invented by Prof. Vladimir Karapetoff, of Cornell University.

Japan Wants Modern Rulers

Country Sees Need of Progressing Like Other Nations

The Emperor of Japan has decided that all his sons shall be educated in England. Prince Chichibu, the Emperor's second son, is now in residence at Oxford University. The meaning and significance of this fact can best be appreciated by recalling the traditional Japanese conception of the place of the Emperor and his relation to his subjects. For centuries the Mikado spent his days in more seclusion than any western sovereign has ever dreamed of. He dwelt in his palace apart from the world, never emerging from its walls. The present Emperor changed all that. But it is the Crown Prince Hirohito, the present regent, who has progressed furthest in the popularization of the throne, and his policy is due to his visit to Europe four years ago more than to any other event. The visit to Japan by the Prince of Wales in the spring of 1922 proved another great stimulus.

The men who are directing Japan's affairs are seeking to adapt the ancient monarchy to the needs of the nation, and they understand that the lessons of the age must be heeded. They see in England the only throne in Europe which unites a long history with a secure and flourishing present. Prince Chichibu is to assist the regent in the governing of Japan, upon his return from England. He is well qualified for the task that has been assigned to him. He is naturally of a democratic disposition, is a great lover of sports and athletics, and is very popular with the Japanese masses.—Vancouver Province.

All Made in Canada

Every Item of Apparel for Man, Woman or Child Now Made in Canada

Perilous queries have been pouring in at the Canadian Manufacturers' Association headquarters following the announcement of the contest for the largest families, featured on Manufacturers' Day at the Canadian National exhibition this year, and in which contest it was specified that the families must wear "made-in-Canada" clothes. Would-be contestants, it seems, when taking stock of their wardrobe, were in doubt whether certain articles were produced in this country.

"Not one item necessary for the complete turnout of man, woman or child is made in Canada," says the Canadian Manufacturers' Association. "Canada" is the declaration made by the special committee of manufacturers in charge of arrangements.

For example, they point to straw hats. The average Canadian man, according to the census of one of the last farms, "straws" were being built in this country at least ten years before that. And with any other item it is the same—the C.M.A. is prepared to take no notice of the constants of "made-in-Canada" clothing of any description.

Advices Canada To
Choose Immigrants

No Room For Reds Says U. S. Secretary of Labor

Canada should go slowly in the matter of immigration, place quality before quantity and permit only those who have no record for civilized government and the maintenance of law and order to land on its shores, in the opinion of Hon. James J. Davis, United States secretary of labor, who, with the members of the executive council of the Lloyd Order of the Moose, were guests of the city of Toronto at a recent banquet.

Mr. Davis was the principal speaker of the evening, and he declared there was no room for revolutionaries, communists in Canada and the United States.

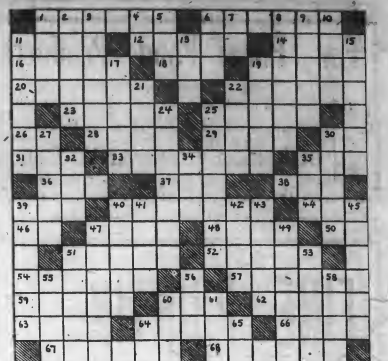

Secret of Success

Fred W. Sargent, new president of the Chicago and Northwestern Railway, gives as the key to success the one word—industry. Just industry. Not talk, or office politics, or ability to play a good game of golf with your superiors—just industry. The man who gets to those places that are worth getting to, almost without exception are the ones whose hard work took them there. It's the only way.—Vancouver Sun.

Catch Monster Lake Trout

While trolling at Cold Lake recently two anglers caught a 55-pound lake trout. For two hours and one-half, the anglers fought the fish in an endeavor to land it. Finally, the trawlers were successful in pulling it in, but had to call in the services of an axe to put an end to the struggles of the fish.

Cheered For Canada

Empire Press Meeting In New Zealand

Appointed Speech of Canadian. There was a remarkable scene at a banquet given by Premier J. G. Coates at Wellington, New Zealand, in honor of the visiting press delegates, who were on their way to Australia to attend the Imperial press conference, in connection with a speech made by J. H. Woods, of the Calgary Herald, president of the Canadian Press.

Mr. Woods spoke for Canada in response to the welcome words of Premier Coates, following Lord Bunsen, president of the Imperial press conference. Mr. Woods eloquently appealed for tolerance and active sympathy among the dominions.

When he sat down the gathering rose and cheered Canada and the New Zealanders scrambled to shake hands with Mr. Woods. They expressed admiration and good wishes for Canada.

Critiques Ontario Liquor Law

U. S. Mission Says It Does Not Satisfy Wets Or Drys

Representative Grant M. Hudson, of Michigan, chairman of the house committee on the alcoholic liquor traffic in the last session, declared in a statement at Washington, after visiting more than 20 of the larger cities and towns in Ontario, "that the 44 prohibition" is "a failure, is recognized as a failure by both wets and drys in Canada after more than three months' trial."

Public officials, professional and business men, and wet and dry partisans, with almost one accord, the statement says, "declared 44 does not satisfy those who wanted a stronger alcoholic liquor. They call it 'four disappointment'." It does not reduce the number of illicit stills. In some places it increases them. It does not mean the moderate or habitual drinkers of hard liquor to 44."

Death of Butterfat Champion

Melba 15th of Indiana, the Australia Shorthorn, who held the world record for butterfat production, with 1,614 pounds in 365 days, is dead as the result of an accident. She was close to breaking her own record at last session, declared in a statement at Washington, after visiting more than 20 of the larger cities and towns in Ontario, "that the 44 prohibition" is "a failure, is recognized as a failure by both wets and drys in Canada after more than three months' trial."

Supplied Prince With Meat

During the stay of the Prince of Wales at the Rand Club in Johannesburg, S.A., an Aberdeen-Angus steer was presented by the Aberdeen-Angus cattle society of South Africa for the supply of meat for the royal table. This animal was specially selected from a consignment of Aberdeen-Angus cattle bred and fed by Captain Harold Phillips.

Rebuilding Schools In B.C.

Doukhobers Completing Six to Replace Those They Burned

Six new Doukhobor schools, erected by the Christian Community of Independent Brotherhood, are being rushed to completion to replace those burned in the last couple of years, bringing the number of Doukhobor schools to ten.

The community is exceeding its promise made in June to build four schools, and education officials are much pleased at the spirit shown. The only burned school not being replaced this season is the one at Spencer, whose pupils will be accommodated in the Carson and Columbia schools.

The new schools are at Outlook in the Grand Forks district and at Gladen, Kestova and Pass Creek, and two at Brilliant in the Nelson district.

Setting Too Fast For Mapping

But Canada Will Soon Have Good Topographical Map

"There is something in self-government that is antipathetic to mapping," remarked Arthur Robert Hinks, secretary of the Royal Geographical Society, in presiding at a recent session of the geographical section of the British Association for the Advancement of Science, at the convention held at Southampton, Eng.

He said the South Africans were staggered when they could not get material for a map of Natal for the British empire exhibition at Wembley last year, and this was a big country that began its survey very late and its settlement is marching faster than its maps.

Dutch authorities in North Sumatra are urging natives to plant rubber along the fields.

The skin of a horse when properly cured and tanned may be cut into 300 baseballs.

LOCAL, PERSONAL AND GENERAL NEWS

Mr. and Mrs. H. C. Dillingham and Miss Dillingham, of Innisfail, were guests last week of Mr. and Mrs. J. W. Gresham, of Blairmore. Mr. Dillingham is publisher of the Innisfail Province, and while in The Pass paid a fraternal visit to The Journal.

Mrs. Herdman McLeod, of Coleman, accompanied by Mrs. E. McDonald, of Blairmore, spent the week-end at Lethbridge.

Mr. T. C. Milne, of Claresholm, Liberal candidate for the federal riding of Macleod, accompanied by Mr. Reid, of Macleod, were visitors to Coleman on Friday last. Mr. Milne met many Liberals both in Coleman and other points in the district, and made a very favorable impression as a strong representative for the government party.

Robert Peacock, secretary of District 18, U. M. W. of A., announced that he is resigning his position at the end of the month. With the exception of the two board members, all the officials have resigned and there is only a skeleton left of this once flourishing organization.

The priest in charge of St. Alban's church was called away on Sunday to officiate at a funeral at his old mission. He is expected Wednesday or Thursday.

Mrs. Roscoe G. Powell returned from Pincher Creek Wednesday, where she had been attending the golf tournament.

The Women's Institute desire to thank the directors of the Coleman Crystal Rink for the use of the Arena for the school fair, also the citizens of Coleman for their financial support.

Wanted—Parallel bars for our young people at St. Alban's Parish Hall. Who will offer to make the wood and iron work for the bars? Phone 22 B, Coleman.

Two Cups Donated To Tennis Club.

Cups have very generously donated to the Coleman Tennis Club by Geo. Kellock, Esq., and O. E. S. Whiteside, Esq. These cups will be for men's singles and ladies' singles respectively throughout The Pass. They will be competed for annually and the winners will hold the cups for a year and receive a miniature trophy.

The first competition for the cups will commence on Saturday, Sept. 12th, and the entries for each event must be in the hands of the Secretary, Mr. F. H. Graham, by Friday night.

Some Parents Disappointed— Fair Exhibits Hastily Removed

One regrettable feature in connection with the School Fair held last week in the Arena was that many parents who paid a visit to the building during the afternoon were disappointed in finding that most of the exhibits had been carried away early in the day.

It at all possible next year more suitable place such as the Central school building, might be used for housing the exhibits and a certain hour set, say 5 p.m., before anything is allowed to be removed.

Most parents of children exhibiting work, any many others, are interested in viewing the showing, and provision should be made so they may avail themselves of this pleasure.

Now that we have the swimming pool all settled, the people of Coleman will have some spare moments to devote to other big events looming up, the federal elections on Oct. 29th, and the Crow's Nest Pass Ronspiel a few months later.

Miss Helen Murphy, of Nelson, B.C., niece of Mr. C. S. Guimette, is a guest of Mr. and Mrs. C. S. Guimette, Third street.

St. Alban's library was opened on Wednesday evening. In addition to a circulating library for \$1 a year a fine reading room is provided. Lectures, debates, etc., will be held frequently. A renovated and reconstructed Parish Hall is being taken in hand by the vestry committee.

About thirty Dokies, accompanied by the Coleman Pipe Band, journeyed to Fernie Labor Day, and participated in the D.C. celebration held in the B.C. city. Messrs. J. S. D'Appolonia, T. Muir, J. Denholm, J. T. Griffiths, J. Gardes, J. R. Wood, and A. E. Knowles provided cars to convey the delegation to Fernie. J. and W. Atkinson, of Hillcrest, also took a couple of carloads from that point.

Mrs. C. Dunlop was the hostess at a bridge party held at her home in honor of her daughter, Miss Inez, on Monday evening.

Owing to lack of space, the account dealing with the installation of the B. O. P. E. lodge Wednesday evening, is unavoidably held over until next week.

You love the old hymns that the old folks at home used to sing. Come to St. Alban's and help sing them at 6:45 every Sunday evening before the church service. Our aim: A "live" church ALL the week for ALL in a "live" town. Come and enjoy yourself.

Mr. and Mrs. Geo. R. Neil left by motor Wednesday morning for the Coast, where they expect to reside for a year or two.

Mr. J. Rayson Hague has arrived at Coleman and will assist the priest in charge of St. Alban's church as lay reader and librarian.

An organization meeting of Liberals and supporters of the MacKenzie King administration, will be held Friday evening of this week at 7 p.m. in the I.O.O.F. hall.

The Ladies Auxiliary of the United Church will hold a Pantry and Apron Sale and Tea in the Club Room on Saturday, Sept. 19th, from 3:30 to 5:30 p.m.

A series of whist drives commencing Friday of this week will be held in St. Alban's Parish Hall at 8 p.m.

DR. WOODCOCK,

Eye, Ear, Nose and Throat Specialist. Seven years in Lethbridge, Alta. Post-graduate of Chicago-New York, London-Vienna. Will be at Dr. OLIFF's Office, Blairmore, Sunday, Sept. 20th and every other Sunday thereafter regularly.

Miss Florence will returned to Calgary Monday night, after a short stay here with her mother, Mrs. Daly.

There will be a general meeting of the Carnival committee in the council chamber at 7:30 p.m. Friday of this week.

Little Joy Ferguson is under the doctor's care this week.

Say It With Flowers

When you require flowers artistically arranged for any occasion, at moderate prices, and of unequalled quality, phone No. 19, THE COLEMAN TRADING CO., LTD., agents for Franch Bros., Lethbridge.

The young people of St. Alban's have planned an International Fancy Dress Party for Monday, Sept. 28th. Prizes for the best boy or girl in national costume. All in Coleman invited to come along.

Mr. J. Gibson, of Virden, Man., who has been the guest of his daughter, Mrs. J. McConaghy, left Tuesday for his home.

Mr. James Fairhurst has been off duty a few days this week owing to illness.

The Lethbridge Miners won from the Coleman football team 2-1 in their match at Lethbridge on Labor Day.

The following Coleman golfers attended the annual C. N. P. tournament held over the week end at Pincher Creek: Messrs. Jas. Kellock, Robt. Wilson, G. R. Powell, H. C. McBurney, D. H. McLean, R. G. Powell, R. F. Barnes, and Geo. Pattinson. They report having an excellent time and good golf, although failing to reach the finals.
